

Purpose-Built Hardware

7500/7700 System

www.panasonic.com/pos

The Panasonic® 7500 keyboard and 7700 intelligent touchscreen workstations offer a proven feature set and the purpose-built reliability at the heart of Enterprise Synergy Solutions™ from Panasonic.

High performance hardware, designed with no single point-of-failure, and easy-to-use software, with advanced capabilities, helps your business run smoothly and efficiently. Comprehensive reporting provides information and analysis for monitoring productivity and bottom line performance.

Protect your initial POS investment and expand the system as your operation grows. Add Color Kitchen Video to your POS network for customizing production needs and improving speed of service. Optional Panasonic Manager Workstation, corporate management, or delivery software and more offer complete integrated solutions from Panasonic.

Let us help you operate more profitably and competitively -- integrate Panasonic solutions into your business today!
